# ROCK YOUR YARD!

# CULTURE CARE LANDSCAPING LTD

“ I am very happy with the work Culture Care has done for me. The craftsmanship of their work is excellent and their customer service has always exceeded my expectations. I strongly recommend them for any landscaping work you need done.”

---

**Laurel Hayter, Kamloops client since 2011**

“ I have been using Culture Care Landscaping services for both my residential and commercial landscaping needs for the last six years and I am thoroughly satisfied with the service I have received and the work that was done. The team is prompt, friendly and very mindful of the environment they are working in. They really listen to your needs as a client before commencing the job. The team is also very accommodating and has been able to fit in both large and small jobs on short notice. I am very happy with Culture Care and would highly recommend them for all your landscaping needs.”

---

**Spencer Dobell, Kamloops client**

“ I have had other landscaping companies over the years, but none provided the expertise, value for money and friendly service that I consistently experience with Culture Care.”

---

**Dana McCombie,  
Kamloops client since 2007**

## CLIENT TESTIMONIALS

“ We are new to the Culture Care family and we could not be happier! From the minute that Brent and his team walked into our yard, we knew we had the right company for our project that we had planned. Brent asked many questions, gave suggestions, and really did a tremendous job understanding our needs. The project commenced quickly and the team exceeded our expectations in regards to length of time and quality of the job completed. They were considerate of the fact we have dogs, and they kept their worksite very safe and tidy. They followed up with a few adjustments to make sure everything was exactly how we expected our project to be. After they were done, we could not believe the transformation of our yard and new ease of maintenance.”
